

MARA NORTHEAST

E-MAIL REFLECTOR

The MARA NORTHEAST e-mail reflector is a way to keep in touch with others who are both amateur radio operators and members (or friends of members) of The Church of Jesus Christ of Latter-Day Saints.

You do **NOT** have to be a member of the MARA NE in order to join.

If you want to join the reflector follow the steps below.

1. Using your web browser, go to <https://groups.io/g/MaraNorthEast>
2. If you already have a GROUPS.IO user name and password then sign in and do a search for MaraNorthEast. Then click on the blue "+Apply For Membership In This Group" link. If you don't have a GROUPS.IO account follow the instructions to create your account. Once done, sign in, and continue to the next step.

Because the group is restricted, a request will be sent to the moderators who will approve your request, usually within 24 hours. You will receive an e-mail confirming your acceptance.

Your first posting to the reflector is moderated. If it meets the standards of the group it will be "accepted" by one of the moderators and from then on you are free to post. Should you ever break the rules, you will be warned once. If you break them a second time, you will be banned.

You may ask what the rules are. Nowhere are they posted. They are common sense. Be nice! No flaming! Don't post anything your grandmother would disapprove of.

If you have a problem joining our group, e-mail ve1vq@shaw.ca for help.
